

# A Welcome Home Christmas Parade 2021

The streets along the route will be closed at 5:00pm. For parking, the Wharf lot is open, free and has the easiest egress. The New Street Garage and Johnson Street Garage will be open **but** the New Street Garage will be difficult to exit due to parade route.

The official route extends to Church Street and the block in front of Trinity Church. Please **DO NOT** plan to unload immediately after the Parade ends at the Church. We have an audience in front of Trinity Church and this will cause delays in parade traffic.

**PLEASE NOTE:** The median island at Frederick and Augusta is reserved for official Marshal use.
